Filed: December 2, 1994 :  
Attorney Docket No.: 066654-0069 :

This is a response to the petition under 37 CFR 1.59(b), filed July 5, 2005, to expunge information from the above identified application.

Petitioner requests that a page of inadvertently submitted confidential material be expunged from the record. Petitioner states either: (A) that the information contains trade secret material, proprietary material and/or material that is subject to a protective order which has not been made public; or (B) that the information submitted was unintentionally submitted and the failure to obtain its return would cause irreparable harm to the party who submitted the information or to the party in interest on whose behalf the information was submitted, and the information has not otherwise been made public. The petition fee set forth in 37 CFR 1.17(h) has been paid.

This facsimile was promptly scanned and incorporated in the official file. Applicants request this document be expunged from the file and this has been done. The image has been closed to access by the public or any other persons other than authorized Office personnel. As such the document is considered to be expunged from the record. The original will not be returned to applicants.
